

## **Pharmacovigilance - Electronic Reporting Workshops**

The VMD pharmacovigilance team has scheduled 3 workshops on electronic reporting for UK MA holders in 2009. The dates of the workshops are 8 July, 16 September and 4 November. Each meeting will start at 2.00pm at the VMD and will be limited to 4 participants per workshop. Places will be allocated on a first come first served basis.

The purpose of the workshops is to provide practical advice on inputting and transmitting data electronically. Attendees must be registered with Eudravigilance Veterinary (EV Vet) and have some experience in sending electronic reports. As each workshop will involve viewing live reports in EV Vet, attendees must accept that reports involving their company's products may be selected for viewing by the group.

Details of how to register with EV Vet can be found on the EV Vet website at <http://eudravigilance.emea.europa.eu/veterinary/register.html>. Tutorials on getting started and sending reports are also available to download at <http://eudravigilance.emea.europa.eu/veterinary/Tutorials.html>.

For further information or to reserve a place at one of the workshops please contact Fabia Dyer by e-mail at [f.dyer@vmd.defra.gsi.gov.uk](mailto:f.dyer@vmd.defra.gsi.gov.uk) or by telephone on 01932 338424.
